

# BE BUNKER

There's a new definition of affluence.

I get a sense of it. But now I know a place where I can find it. In this overwhelming world of information, **affluence is connection.**

Connection to Health - How can we be sure our water is pure? Who can we trust when it comes to all the toxins in our environment? How do we ensure access to real food for our loved ones? Be Bunker is a place you can trust for health.

Connection to Sustainability - Everyone wants to do their part on the way to a sustainable earth. So why is it so hard? Affluence is knowing that your entire life – every action in Be Bunker – is aligned with helping your beautiful planet.

Connection to Knowledge and Diversity - People benefit from Inter-disciplinary and Inter-generational connections. People benefit from making new friends. Be Bunker is the diversity and knowledge of the world provided in a way that matters.

Connection to Service - Quality services that make sense for your life is the future of the service industry. Be Bunker is a stack of amazing services provided by kind people connecting you to a new level of life - every day.

*"Affluent lifestyle with a conscience"*

**Be Bunker** is a modern indoor space for people living and working in Calgary. Membership includes all services including spa, food, and valet parking\*. The founding pillars of Be Bunker are intelligence, health, and sustainability. When faced with Calgary's challenging climate, Be Bunker is the place where today's current and future leaders can just **BE**.
