

BE BUNKER

We need to retain our top people and make sure they are productive.

A corporate Be Bunker membership provides the best for our employees. It's hard enough to find the right staff with the right education. Be Bunker has become an important part of our employee retention program. Once their families start enjoying Be Bunker, they don't want to leave. It's also THE place we use to "get away from the office" and have productive meetings.

The advantages for our company:

- + Better employee health and less sick days
- + Better employee community support
- + Better employee family happiness and cohesiveness
- + Networking for business relationships
- + Amazing place to hold meetings
- + A perk that is very hard to give up
- + Part of a growing network of sustainable businesses

The advantages for our people:

- + Better work-life balance
- + Great services that save time and encourage quality of life
- + Indoor place to enjoy during Calgary's harsh seasons.
- + Quality food, health, entertainment, and education for every stage in life.

We get up to **five** family memberships with our corporate agreement. That means we will always have our top people at the core of this personal and professional urban oasis. It's the place to be.

"Our top people love Calgary now."

Be Bunker is a modern indoor space for professionals living and working in Calgary. Membership includes all services including spa, food, and valet parking*. The founding pillars of Be Bunker are intelligence, health, and sustainability. When faced with Calgary's challenging climate, Be Bunker is the place where today's current and future leaders can just **BE**.
